

APPLICATION FOR COURSES

(PLEASE PRINT)

Name: Dr./Mr./Miss/ Mrs.

Email:

Organization:

Business Address:

City, State and Zip:

Check the course(s) you are interested in:

- Course #1** August 5-9, 2024 Techniques for Characterization of Carbohydrate Structure of Plant and Microbial Polysaccharides.

Please select one of the three modules as discussed in the course information sheet.

_____ Mass Spectrometry _____ Nuclear Magnetic Resonance _____ Computer Modeling

- Course #2** August 12-16, 2024 Separation and Characterization of Glycoprotein and Glycolipid Oligosaccharides.

Please select one of the three modules as discussed in the course information sheet.

_____ Mass Spectrometry _____ Nuclear Magnetic Resonance _____ Computer Modeling

- Course #3** August 26-28, 2024 Analytical Techniques for Structural Analysis of Glycosaminoglycans.

- Course #4** October 14-16, 2024 Glycomics, Glycoproteomics and Bioinformatics Tools for Data Interpretation of Mass Spectrometry of Glycoproteins.

Type of position?

Graduate Student Program Manager Professor Research Scientist Post-Doctoral Other
(specify) _____

Please briefly indicate your areas of research/interest.

How did you learn about the courses?

- * **Please check if you need us to provide you with a visa letter.**
